

The CNRS experience

Vlad Nitu – Chargé de recherche CNRS

Jun 2017 – Sept 2017:

Internship @ George Washington University, **D.C., USA**
System support for virtualized network functions (vNF)
Developed EdgeOS

2015: PhD (MSER grant)
SEPIA team (IRIT)
Toulouse, France
Cloud energy efficiency

Apr 2016 – July 2016:

Internship @ ETH
Zurich, Switzerland
System support for multi-core platforms
Barrelfish OS (ETH + Microsoft Research)

2014-2015: M2-Research
UT3 - Paul Sabatier
Toulouse, France

2010-2014: Engineering degree
Military Technical Academy
Bucharest, Romania

Jun 2017 – Sept 2017:

Internship @ George Washington University, D.C., USA
System support for virtualized network functions (vNF)
Developed EdgeOS

Oct 2018 – Dec 2019: post-doc @ EPFL
Lausanne, Switzerland
Online Federated Learning

2015: PhD (MSER grant)
SEPIA team (IRIT)
Toulouse, France
Cloud energy efficiency

Apr 2016 – July 2016:
Internship @ ETH
Zurich, Switzerland
System support for multi-core platforms
Barrelfish OS (ETH + Microsoft Research)

2014-2015: M2-Research
UT3 - Paul Sabatier
Toulouse, France

2010-2014: Engineering degree
Military Technical Academy
Bucharest, Romania

Jun 2017 – Sept 2017:

Internship @ George Washington University, D.C., USA
System support for virtualized network functions (vNF)
Developed EdgeOS

Jan 2020: CR @ CNRS
Lyon, France
Robust Federated Learning

Oct 2018 – Dec 2019: post-doc @ EPFL
Lausanne, Switzerland
Online Federated Learning

2015: PhD (MSER grant)
SEPIA team (IRIT)
Toulouse, France
Cloud energy efficiency

Apr 2016 – July 2016:
Internship @ ETH
Zurich, Switzerland
System support for multi-core platforms
Barrelfish OS (ETH + Microsoft Research)

2014-2015: M2-Research
UT3 - Paul Sabatier
Toulouse, France

2010-2014: Engineering degree
Military Technical Academy
Bucharest, Romania

Impresions after 1 year

- CR CNRS/INRIA vs. McF
- CNRS = freedom++
- The interview needs to be well prepared (8 out of 114)
- Prospect and chose your team carefully
- Where and how to apply for grants?

Thank you!
